AUTOMATED TEST LOG

Project: Musanze Harvest Intelligence

Verification code: AI-A2-7196

Command: python -m pytest -q

Recorded result

Item	Recorded result
Health endpoint test	Passed
Model information endpoint test	Passed
Valid prediction request test	Passed
Invalid season validation test	Passed
Total	4 passed, 1 warning

Warning noted during the recorded run: Starlette emitted a deprecation warning regarding its use with httpx. The warning did not prevent the tests from passing.

This document records the result supplied for the latest test run. Rerun the command before submission if the code changes.
